

1 Introduction

This is an introductionhjgda section with some bullet points:

- This is the **firxxzst** bullet point.
- This is the second bullet point.
- This is the third bullet point.

Now, here are some numbered points:

1. This is the first numbered point ok.
2. This is the seconeed numbered point.
3. This is the third numbered point.

You can also nest the environments to create more complex lists:

1. This is the first numbered point.
 - This is a bullet point under the first numbered point.
 - This is another bullet point under the first numbered point.
2. This is the second numbered point.

- (a) This is the first sub-numbered point under the second numbered point.
- (b) This is the second sub-numbered point under the second numbered point.

3. This is the third numbereahdad point.

2 Introduction

This is the introduction section.

3 Equations

Here are some equations:

$$E = mc^2 \tag{1}$$

$$F = ma \tag{2}$$

$$v = \frac{d}{t} \tag{3}$$
